What a wonderful start to Term 2. Its been a busy few weeks. We have seen the installation of our amazing Multi Purpose Goals. The goals have been installed and we look forward to the kids being able to use them. The installation wouldn't be possible without the \$5000 donation from St Marys Rugby League Club, the fundraising from our P & C and our school community supporting our events. A BIG thank you to Belinda Adams for seeing this project through to the end. We are very lucky to have all your help.
